

# Complete Systems

## Efficiency in Restoration

NEW!

We know how important clinical efficiency is to your practice.  
That is why we at MEISINGER designed the new line of Complete Systems.

SC01A Complete System

MEISINGER's new Complete Systems are designed to keep your office running smoothly and efficiently. Each system comes with a pre-filled kit along with neatly organized refills for each item required for the procedure. When an item is ready to be replaced, backups are readily available in the kit organizer. The kit organizer is clearly labeled for easy reordering to facilitate optimal inventory control. Refill-only systems are also available.

- ✓ Increase Office Efficiency
- ✓ Convenient Kit Organizer
- ✓ Available In Your Favorite Polishing and Finishing Kits

See list of kits available on reverse side.
