

Introducing

Super Flexible Discs

These flexible polishing discs were designed for working with composite restorations. These discs have super flexibility that conform on the contours of the teeth for easier finishing and polishing.

Easy to Use!

- Discs “pop” on to the mandrel for easy changing
- Color coded for easy grit identification
- Available in 2 sizes, 10mm and 14mm
- Available in assorted packs of 100
- Creates high-luster restorations
